

Haunted Houses

For holiday special events
or seasonal operations -
SIU can help.

Minimum premiums start
as low as \$350 for low limits.

We can consider haunted hay rides, risks on
boats and risks with more than one location.

Control needs to be placed on the number of
people inside at one time (door monitors) and
the structure must be in good condition.

A lit candle and a carved jack-o'-lantern. The candle is on the left, and the jack-o'-lantern is on the right, both glowing with a warm light.
